

General English + Academic English

Course Description

Our General English + Academic English Course is for motivated students with a B2/C1 level of English, who wish to improve their academic skills or study in the UK in the future. Students enjoy all aspects of the General English programme along with eight additional lessons focusing on academic English.

Our professional teachers help students to hone their academic skills and prepare for higher education in the UK. Lessons include a Q&A session with the Bloxham admissions team who offer useful advice and information for UK academic life.

We aim to develop and practise essential academic skills and to nurture life skills that are necessary for studying away from home, such as time management, being independent and prioritising tasks.

Students benefit from practical lessons on essay writing, giving effective presentations and note taking techniques, useful for university lectures.

Students create and deliver short presentations and receive individual feedback.
